### Work Experience (Internship)

#### Frontend Developer (Intern) – Crocusoft

February 2024 – May 2024

- Developed dynamic components using React.js and TypeScript for commercial real-world projects.
- Contributed to the implementation of complex designs using UI libraries (MUI) and TailwindCSS.
- Collaborated with the backend team to integrate REST APIs, gaining hands-on experience with real data.
- Worked in a team environment using Git, Jira, and Agile methodology, completing sprint tasks effectively.

#### Frontend Developer, Mentor – ATL Academy

February 2024 – Present

- Conducted practical lessons for students using React.js and JavaScript.
- Applied team collaboration and Agile methodologies as a mentor.
- Monitored student progress by overseeing project management and code quality.

#### Frontend Developer (Intern) – Baku Design Academy

January 2024 – June 2024

- Applied UI/UX design principles to create interactive web pages.
- Contributed to projects using modern frontend technologies, including React.js and TailwindCSS.
- Collaborated with the team using Git and version control systems.

#### Frontend Developer (Intern) – ATL Course Project

August 2023 – November 2023

- Created performant and mobile-responsive interfaces using React.js and TailwindCSS.
- Improved application performance and implemented smooth transition effects using Vite.
- Integrated RESTful APIs to enable real-time data fetching.

### Education

#### ATL Academy – Frontend Programming Course

March 2023 – September 2023

#### Azerbaijan State Oil and Industry University (ASOIU) – Geophysics Engineering (Bachelor's Degree)

2017 – 2021
